

## **Saracoff Sentinel / Team Tijuana June 2004**

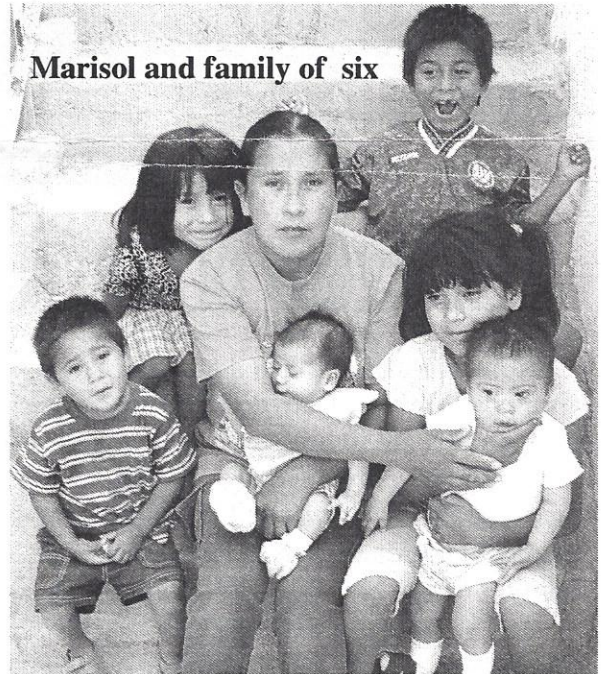

Mothers' Day in Mexico was on May 10th and since you will probably get this sometime between Mothers' Day and Fathers' Day, we thought you might like to read about some of the mothers with whom we work. Remember that quote, "The hand that rocks the cradle rules the world"? We need to take mothers' work seriously! Mothers, we're late, but we really mean this:

# **Happy Mother's Day!**

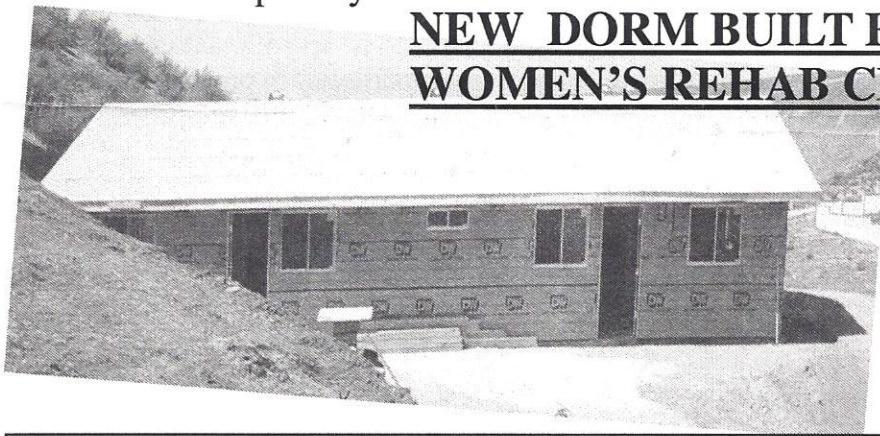

Marisol came to La Roca a couple of months ago, seeking refuge from a murderous husband. Her plight was made even more challenging by the fact that she's got 6 children ranging in age from 10 to an infant. Her one-year-old Salomon has Down's Syndrome. You can see they are a close family that love each other and are grateful for a safe place to live. We are glad that Marisol had a better Mother's Day this last month than she did last year and that she has a place where she can grow in the Lord.

La Roca is in the process of building dorms so that the families living in one large room separated by sheets will now have real walls and a little more privacy.

**Marisol and family of six**

### **NEW DORM BUILT FOR WOMEN'S REHAB CENTER**

#### **Dorm will house 20 women**

The Esperanza Rehabilitation Center is opening a rehabilitation center for women! This will complement their rescue mission and their center for 100 men in Tijuana. Children are abandoned in Tijuana because their mothers are on drugs. Women trapped in prostitution need a way out. Teen-age girls need help before they hit the streets. Please pray for this new work, that the right women will be selected. Pray especially for the staff who will be representing Christ's love to them.

## Kathy's Corner: THE POWER OF A MOTHER'S PRAYER

Elva, Cristina,  
Rosa, Rosita &  
Kathy in MITI

### A legacy of prayer

How well I remember the first time I heard of Mom's In Touch International! I was days away from giving birth to Ian and my Aunt Jean invited me to join her prayer group, saying it'd come in handy later. When Ian went off to Mexican first grade and Anna was in pre-school, God led me to another mom with whom I could pray for our children and their schools. Since then, MITI has been an important part of my life. How faithful God is to answer when we call out to Him! God's put a burden on my heart to share this amazing work we can do for our children with other moms, especially my Spanish-speaking sisters in both Tijuana and Chula Vista.

The women in the photo are friends from our early days in Grupo Mexico and we join together 1 hour every Monday to pour out our hearts for our children and their schools. Prayer works!

How many of you had a grandmother who prayed for you? A mother? I had both, (as well as Grandpa Watkins, Dad, and countless other people) and I know my life has been changed because of them. I want to brag for a moment about my parents, Frank and Sally Dennis, because their lives are proof that prayer works. They flew into California on Mexican Mother's Day (5/10) on their way back from Taiwan and Bali and spent 4 wonderful days with us. After serving 33 years as medical missionaries in Taiwan, they were invited back for the May 1st dedication of the recently rebuilt (10 story, 150-bed \$10 million raised in Taiwan) hospital that they founded (originally 3 stories, 30 beds, for \$85,000 raised in the U.S.) They're now famous people in Taiwan and were interviewed on TV and radio, which gave them lots of opportunities to give God the glory for the great things He has done.

I wonder how many people like you have been the true warriors behind the scenes over the years, praying for the missionaries, their kids, their work and the gospel to be spread? Heaven will only tell, but I hope this encourages you as well as me to seize every opportunity to pray for God's Kingdom around the world when you read those missionary letters; and believe!

Kathy's parents, Frank & Sally Dennis

**P.S. Happy Father's Day!**
