Beauty From Ashes

In this year two fires did major damage to two ministries: Esperanza Women's rehab lost their main building in June; El Refugio, a home for 120+ elderly, suffered an extensive electrical fire last November. Reconstruction for Refugio began in December and was completed in March. Only the cross and the slab remained at Esperanza, but rebuilding is beginning using cement blocks made by Esperanza men. We praise God no one was hurt, that the elderly could stay six weeks as refugees at Esperanza and for generous gifts from churches & individuals to rebuild.

Please Help us Change a Life by Sponsoring a Child

Attending public school in Tijuana costs a minimum of \$100 per year for school uniforms, not counting transportation. We have identified 44 needy students, who are either residents of Carretas or children of volunteers who work at El Refugio and Esperanza. Last year with the generous support of Rotary Sunrise of Del Mar, Girl Scouts in Michigan and other donors, 42 children were sponsored. Parent support and accountability are important components of the sponsorship program. Each parent commits to making sure their child attends school daily and is required to supply a report card at year's end.

Please support a child and change a life. You will receive information about the children you are sponsoring, and have the opportunity to meet them on any of our monthly Saturday mission trips to Tijuana. Go to the second page to see some of their faces or contact Kathy at kdsaracoff@gmail.com or 619-420-7270.
